***Listen To His Heart*** from the CD *Seeing By Faith*

Jesus came into a city  
Was welcomed warm to  
    Martha's house  
But Martha ran and got real busy  
Cookin' food and cleanin' house

But Martha's sister was the wiser  
She sat and listened to His word  
And got clear directions  
    from the Master  
Before she went to do His work

*Chorus*

There's only one thing that is needful  
And Mary chose that good part  
When Martha ran around  
    and got real busy  
Mary sat and heard His heart

Now Martha came upset to Jesus  
She told Him just the way she felt  
She said, "Lord, I've been  
    workin' all this evening  
While Mary's sittin', Lord, make her  
help"

Then Jesus turned  
    and looked at Martha  
With eyes of love and much concern  
He said, "Martha, come here  
    and take a listen  
There's a lesson here that  
    you must learn"

Chorus

Well now I know there're  
    many pressures  
That keep us working day and night  
But don't forget, seek first  
    the kingdom  
Then in your faith you'll win the fight

*Chorus*

There's only one thing that is needful  
And won't you choose that good part  
When others run around  
    and get real busy  
Just sit and listen to His heart  
When others run around  
    and get real busy  
Just sit and listen to His heart
